Playing Our Way

As high school begins, many students realize there are a series of obstacles to overcome before their final destination: graduation. Each individual works toward this goal, just as players of a board game work through the tasks to win the game. Each decision has its consequences. Some decisions push the students forward and closer to their destinations while others may hold them back or prevent them from going down their original paths through high school. As each obstacle at North Scott is passed the students get closer to graduation. Hard work pays off in the end and most students are considered winners. So if high school is like a game.

SENIORS

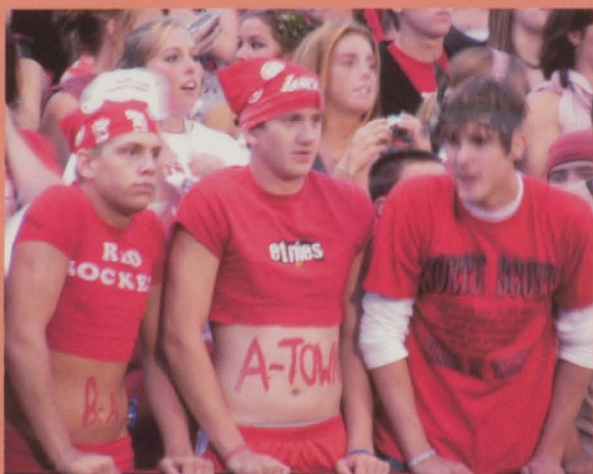

MONOPOLY

Graduation is quickly approaching as the seniors of 2007 prepare for life after high school. This year has been filled with tons of different activities, and great times that will never be forgotten. As we continue with our lives and work our way into the future we will always remember the huge role that North Scott has played in our education and in our relationships with others. Over the years trying to balance homework, activities, and a social life was sometimes overwhelming but all the hard work will be worth it when life after high school challenges us to succeed. Hopefully old friends will stay in touch while new friends are made and North Scott will be remembered as a great four years of our lives. Good luck in the future. Class of 2007!

JUNIORS

Finally, our first year as upperclassmen. A 9-0 football record is just one of the accomplishments for the Junior class. Every Junior that passes through NSHS realizes that their Junior year is the hardest. Between the ACT's and SAT's, the excessive amount of homework given, after school jobs, and extra curricular activities, free time is something to cherish. The hardest part is the critical decision of What do I want to do with my life? So many Juniors this year don't yet have an answer to this question, but don't worry, it will come. Overall it was a GREAT TIME!

CHUTES & LADDERS

Being a sophomore means slowly climbing the ladder of respect. We have now successfully left the wrath of our freshman year, but have yet to cross over in to the years of upperclassmen. Having already been through the routine of high school, we can be seen trudging through the hallways from class to class. Classes become meticulous and homework becomes ridiculous. The same routine day after day, bores the sophomores as they fantasize about becoming upperclassmen. However, turning sixteen allows the sophomores newfound freedom. Obtaining our licenses allows us to feel more independent than we have ever felt before. Unfortunately, we still long to see the day when we can escape the burden of the tennis courts and park in the school parking lot.

FRESHMEN

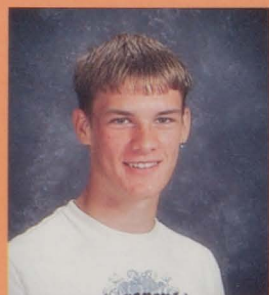

TROUBLE

Entering high school is one of the things most people remember for the rest of their lives. High school has many more opportunities to get involved than the elementary schools or the junior high. New friends are made in classes as well as sports and other activities. Although classes are harder and the homework load is worse the freedoms that go along with being in high school are worth it all. Soon driving will become important as jobs and other activities move to the top of the priority list. Freshman year is an exciting time to make friends, join clubs, and start to make your mark at North Scott High School.

FACULTY

CRANIUM

The Faculty, what to say about the faculty? Well for starters, they most likely are the reason why most of us graduate from High School. It may be this year, or it may be the following years, but they are the ones that help us before, during and after school, just so we will understand everything. They make us better people and prepare us for the future that is ahead of us. Whether you go on to college or not, you only have them to thank. They are the inspiration that make us who we are today. So here is to every staff member at this school, because no matter what, you have helped us out. THANK YOU!!!!

ACADEMICS

Trivial Pursuit

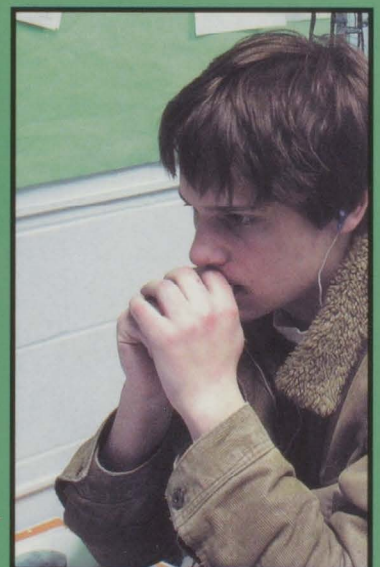

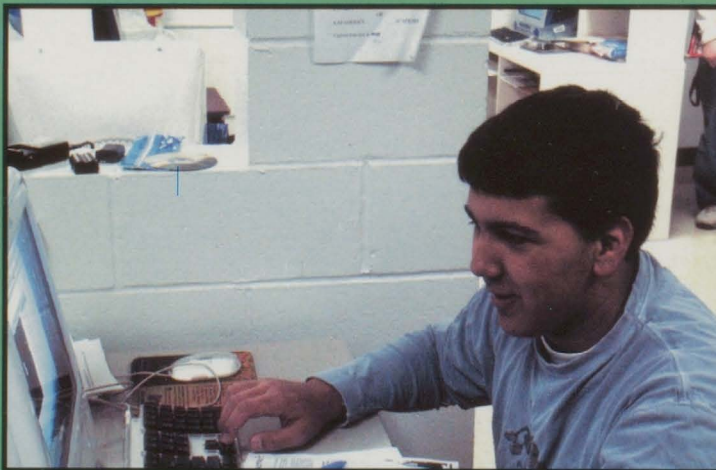

This year many new things are happening with Academics. The National Honors Society inducted seventeen new people into the society. More and more students are taking Honors and Advanced Placement classes. Grade points are on the rise and students are getting involved in all sorts of things. Many new classes have been added to our schedules and a study hall is now required. With all the new opportunities through academics and other things the students of North Scott High School are succeeding at a greater rate than ever before.

STATE!

North Scott's Speech Team under the direction of Ms. Kintigh experienced a successful year. Their one act play *The Omelet Murder Case* received straight Is from all three judges at the District competition. The Readers Theatre piece entitled *The Emperors New Clothes* received two Is. Both casts were selected to travel to the State Competition at Grinnell High School. At this competition both teams received straight Is from the judges. Although it may be said that the two casts should have been selected to perform at the All-State festival surprisingly neither team advanced.

Aside from the Large Group Competition other Speech Team members competed in individual events. Despite the freezing rain and snow, Katie Knoer, Amy Maxwell, Nicole Larson, Cory Pearce, Brittany Hendrix, Alisha Grunder, Mike Willis, and Andrew Benson competed in the District competition. While keeping his cow calm, Greg Kramer poses for the picture.

Having a new advisor is fun and exciting. We all have learned how to adjust to the new rules and policies that come with a new teacher. This year for the first time some of the agriculture students got to go to the World Dairy Expo in Madison, WI. Ms. Pearson would like to see more advanced classes for her Ag students to better prepare them for the future. Also she has pushed many of us to excel in the FFA organization by doing our degree as many of us have found out that this year we have had more application for the State degree then years past. Hopefully many of us and future Ag students have the chance to meet and be taught by our Ag teacher.

FASHion

Fashion is art, and art is the expression of oneself.

This year's fashion included the following:

1

Fashion for feet

Chris Michaelis displays one of this winter's styles: Ugg boots.

2

Music to my ears

Ashley Quick listens to her brand new redesigned 4 gigabyte iPod, which was on every person's Christmas list this year.

3

Luv the leggings

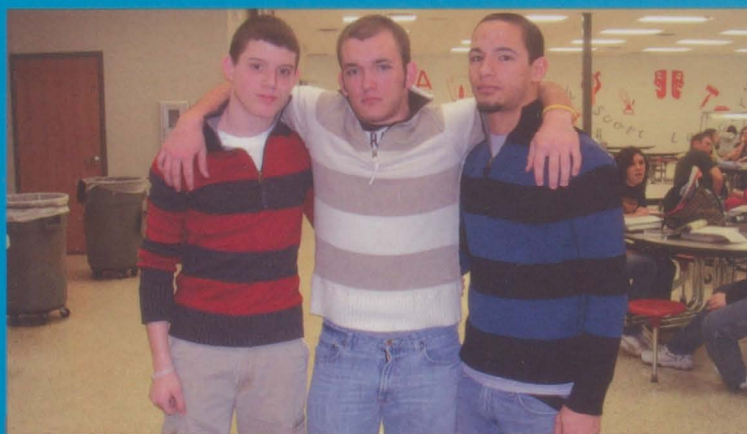

Stacy Gertz wears a skirt during the winter and keeps warm with leggings underneath.

4

Fantastic in fur

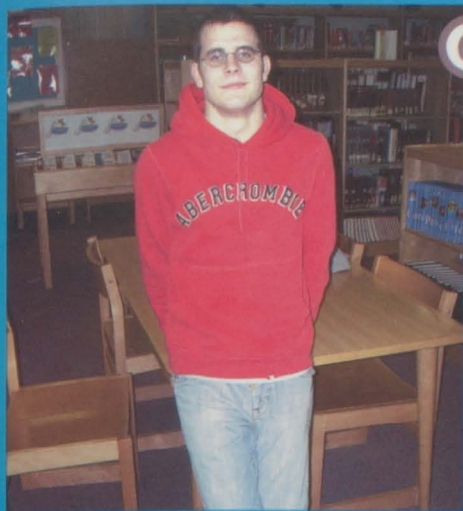

Hidden by a full head of fur, Stephanie Picket shows us the latest trend in coats with fur around the hood.

5

God bless America

In the good ol' red, white, and blue, Brody Grimes, Matt Peterson, and Elliot Schlabach model new striped sweaters which are quickly becoming a favored trend.

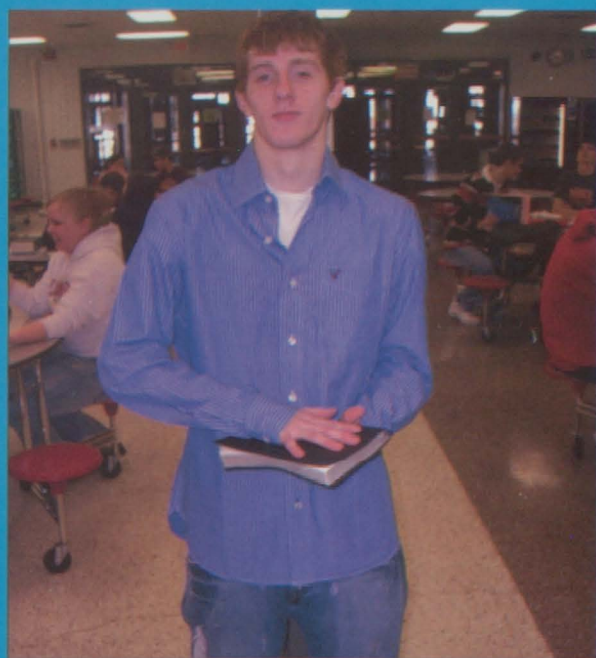

6 Macho Man

Stew Gilmore gives off the vibe that he is here to play in his Abercrombie sweatshirt that says, "I'm in style," and with his jeans that say, "I'm here to party."

7 I'll have the classic

Alexa Ashcraft does it all: high heels, layered tanks, bangle bracelet, half sweater shirt, and a charming smile.

8 Bean with the Brains

Studious Ben Ellis shows us that he can be smart and still look good in his collared shirt.

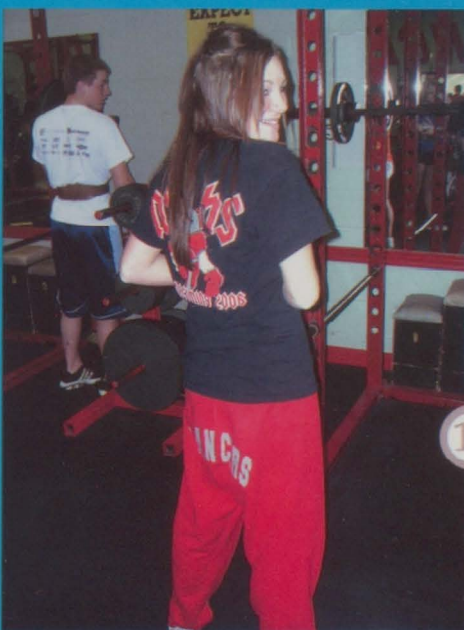

9 Did someone say fashion?

The king of fashion himself, Jake Nagle, poses for the camera proving that with great fashion comes great responsibility.

10 Ran out of paper?

North Scott students prove that art doesn't only belong on paper. This group of students show off not only their sweet Converse shoes but the artistic skill it took to decorate them.

11 The Lancer Way

The ultimate and timeless trend is wearing Lancer apparel. Emily Saladino shows off her sweat pants during weight lifting.

STUDENT LIFE

LIFE

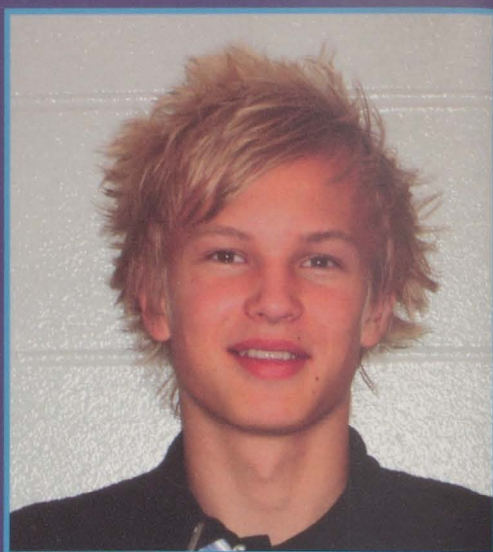

Being involved in activities is a huge part of high school. North Scott offers the student body numerous opportunities to get involved in school activities. There are clubs for every interest, as well as sports, performing arts, and other activities. School dances are a great part of the year also. Friendships are formed, and memories are made that will never be forgotten. Classes keep most people busy, and the other activities add to the chaos, but it all makes the year one to remember.

PERFORMING ARTS

SCENE IT

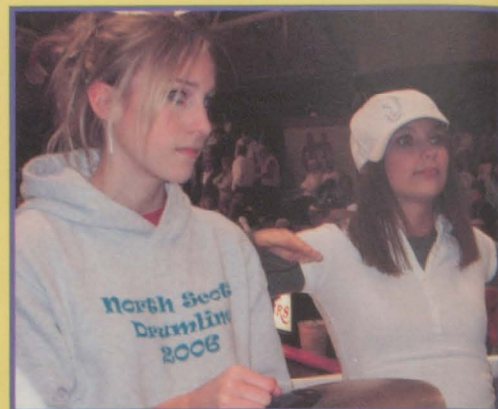

North Scott prides itself on strong performing arts. Be it band, choir, or drama, all of the students involved always give it their all. Not only is North Scott strongly involved in athletics, but many do not know the amount of time that these students put into preparing for a concert or a production. Like athletes, they must secure their spot in the group, and by doing so, they make a commitment to put in extra practice time outside of school. Rather than playing for a crowd, performing arts students entertain an audience. Many do not know of the commitment to excellence that goes on at North Scott when it comes to performing arts.

Cory Hankemeier acts as the President of Lancer Productions, and Sean Flack is the residing Vice President.

ONCE UPON A MATTRESS

Above: Angry about having to wait to be married, the men of the kingdom attempt to launch Andrew Benson.

Below: At the end of Act One, Rachel Sarafin lets loose as Andrew Benson introduces her to the people of the kingdom.

Left: In a romantic kiss, Aaron Schroder and Brianna Nielson show their love after nearly losing each other.

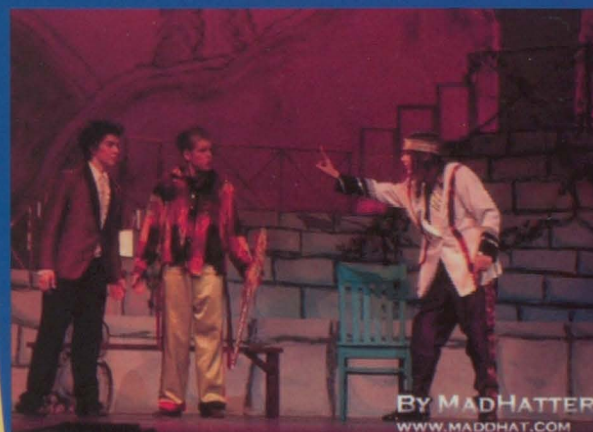

North Scott hosts the Iowa State Thespian Festival once again! For the fourth consecutive year, Lancer Productions puts on a flawless festival! However, this year the festival proved to be a special one for the cast of *Once Upon A Mattress*. This year the cast was honored by being chosen to perform mainstage for hundreds of thespians. The cast performed their show Saturday night to a packed house just before closing the festival. It was so exhilarating to perform in front of so many other thespians! It was an experience I'll never forget, sophomore Jim Kinney (the Minstrel) comments. This year's production of *Once Upon a Mattress* starred Rachel

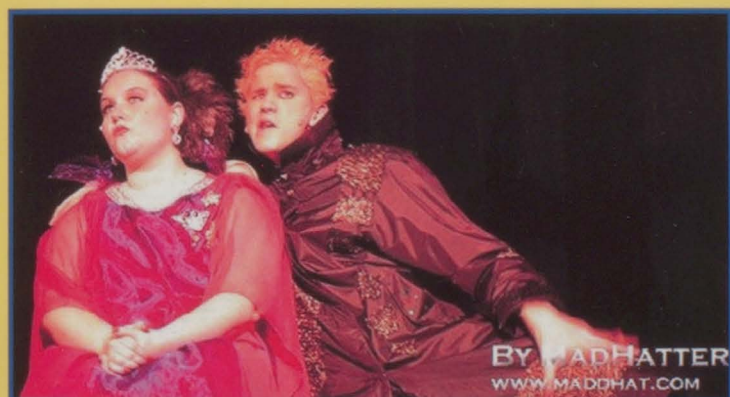

In her seductive number, *Happily Ever After*, Rachel Sarafin strikes a pose.

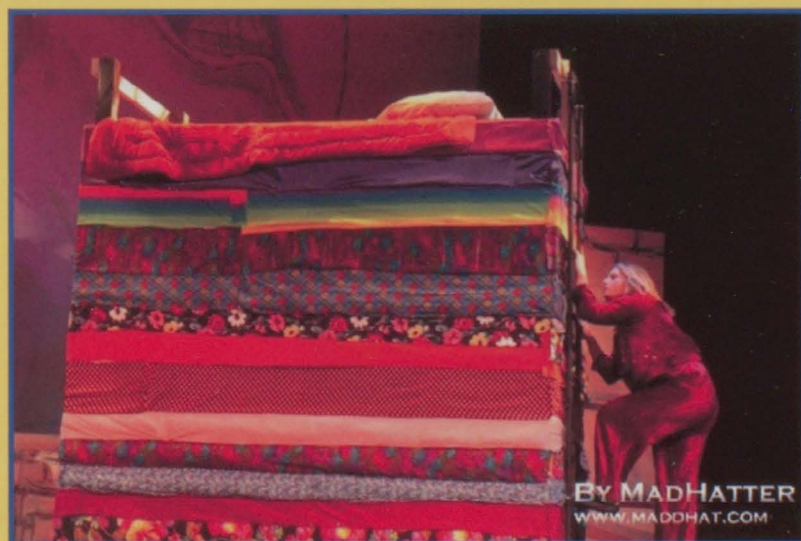

Sarafin who portrays the fur-loving Princess Winnifred, and Andrew Benson who plays the gullible Prince Dauntless. In the story, Queen Aggravain (Amber Sarnes) rules the kingdom because King Sextimus (Taylor Everding) cannot talk until the mouse devours the hawk. A story of hilarity ensues and many humorous incidents also occur. Overall, the show has the qualities of a hilarious fairy tale, a twisted version of the *Princess and the Pea*.

Trying to decipher the King's pantomime, Jim Kinney and Jordan Porter look stumped.

Deciding the fate of Princess Winnifred, Tony Percuoco and Amber Sarnes think of an unfair test.

Climbing the infamous 20 Mattresses, Rachel Sarafin ascends the fateful ladder.

The Matchmaker

"The farce that gave Hello Dolly its start!"

Hello Love!!

Hailee Gehrls explains her thoughts while Shari Huber considers the fact that she may be wrong.

Lancer Productions presents *The Matchmaker*, the tale of never ending love. When a wealthy owner of the general store Horace Vandergelder (Cory Hankemeier) decides to take a wife he leaves his two clerks, Cornelius Hackl (Andrew Benson) and Barnaby Tucker (Sean Flack) in charge of his store. While their boss is away Cornelius and Barnaby decide to take a little visit to New York. From the moment they arrive in New York they spend their time dodging the one person they tried to get away from: Horace Vandergelder. Cornelius and Barnaby meet up with none other than Irene Molloy (Hailee Cehrls) and Minnie Faye (Shari Huber). Instantly, Cornelius falls for Mrs. Malloy and unknown by either Cornelius or Barnaby Mrs. Malloy is the woman Horace Vandergelder intends to marry. Horace arrives at Mrs. Malloy's store with none other than the Matchmaker herself, Dolly Levi (Hannah Rochau). In all the confusion Cornelius and Barnaby end up hiding in the store only to be heard by Horace himself. Horace flees from the scene vowing that he will never marry Mrs. Malloy. Devastated Mrs. Malloy decides that spending the day with Cornelius and Barnaby might be an exciting adventure after all.

Hannah Rochau explains the truth while Cory Hankemeier tries not to accept it.

The cast takes a bow after another successful performance.

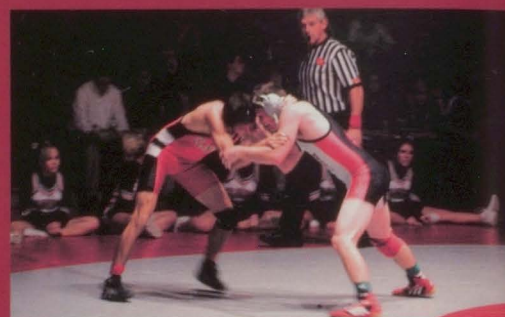

Sean Flack and Andrew Benson cringe in fear as they are told they have to wash the store.

Doing her best not to accept the cold hard facts of life Shari Huber plugs her ears.

Hollie Butcher and Kalie Moore show how living large is the best way to be.

Coach Johnson returns to great applause

This year was all about building up a program that was slowly being destroyed. Coach Dennis Johnson returned to the field and started heading the team in the right direction. He put together a defense that no one wanted to face when it came to districts. Players were chosen from the sophomore and freshmen teams to see if they had it in them. He built a whole new pitching staff, helped the offense pull together, and become one of the strongest hitting forces out there. Next year the team hopes to be unstoppable, become MAC champions and go to state.

Record Season for Mac Champs

The North Scott Lancers had a school record season. In the regular season they finished 9-0 and then lost to a very talented Iowa City City High team in the playoffs. Starting the season the Lancers shut out Pleasant Valley and then won against West and North. After those two big wins the Lancers won the Homecoming game 20-17 over a very talented Assumption. They traveled down to Burlington and beat them 34-21. Then they came back to Eldridge and beat a very good Muscatine passing offense and held them to 3 points. When they headed up to Clinton they shut them out 10-0. Senior night was a good time for the Lancers because they beat Central. They then finished the regular season with a punishing shut out to Bettendorf (the number 1 team in the state) 17-0!

Season filled with lessons learned

Another season in the Pit came and went and what an experience! After waiting the entire summer for the renovated Pit the boys came back to their home court with a slightly unsatisfactory season. Varsity Lancer Wrestling

Wrestling is considered to be the hardest sport in high school. They would make these guys the toughest kids in our school since they can stick it out day after day and year after year. They live through the competitions, the weight cutting and the pain that comes with this sport. This year has been a little different because the famous Coach Mashek is retiring after this year, so the wrestlers have been working extra hard to make his last year a greatest one. They pulled out a Mac Championship this year and also had 8 wrestlers qualify for state, one freshman, Landon Williams, two juniors, Garrett Hamilton and Brooks Smith, and five seniors, Brodie Ambrose, Chris Charter, Ben Ellis, Alec Epkes, and Stew Gillmor. Stew Gillmor went all the way this year and took the title of 'state champion' at 145 pounds!

Playing Our Way

Years spent in high school are only a small part of the game of life. Hopefully skills learned at North Scott Senior High School will help the students on their journeys in later years. Great friends are made in these four

Through High School

years as well as some amazing memories. As the students stay involved in activities, and learn to balance different parts of life, things learned from North Scott will help them in the future so they can all become 'winners'.

Thinking

If you think you are beaten, you are.

If you think you dare not, you don't.

If you'd like to win but you think you can't,

It's almost a cinch you won't.

If you think you'll lose, you're lost.

For out of the world we find

Success begins with a person's will —

It's all in the state of mind.

If you think you're outclassed, you are;

You've got to think high to rise;

You've got to be sure of yourself before

You can ever win a prize.

Life's battle doesn't always go

to the stronger, faster woman or man.

But sooner or later the person who wins

Is the one who thinks they can.

PROM 2007

Gathering together, a group decides to change it up during a slow song and all dance in a circle.

Taking a break from the dance floor, Adason Kramer, Joe Dierksen, Sean Cronkleton, and Ty Kuhl show how much fun they are having.

This year, prom took place at the Lodge in Davenport from 8:00-11:00 pm. The theme this year was a fairytale ending. The night was full of dancing in the castle-like Lodge. Heading back to the jr. high, a fiesta began with a celebration of Cinco de Mayo. Some of the activities at post prom included a mechanical bull ride, laser tag, dance, dance revolution, jousting, and plenty of other fun things to do throughout the night. To go with the theme, pictures were taken with sombreros. The fiesta continued with prizes given around 3 o'clock and the traditional balloon drop.

Looking tough, Stew Gillmor and Matt Petz show off their vests.

Riding the mechanical bull at post prom, Brodie Ambrose holds on tight as others watch.
